**APPSPACE** | **humly**

Connect your people, places, and spaces

The Humly Room Display, powered by Appspace Space Reservation allows users to enjoy frictionless room booking experience that works with their everyday needs.
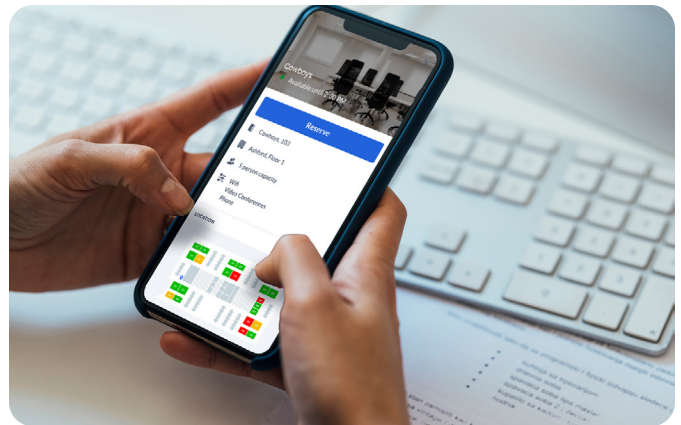

A room booking experience that's sleek, stylish, and secure

Book on the spot

Connect a Humly Room Display to Appspace Space Reservation for immediate booking. Green light means the room is available.

Reserve ahead of time

Reserve an upcoming meeting directly on the Humly Room Display. Our booking software will automatically display upcoming schedules so you can plan accordingly.

Why Appspace + Humly?

Secure

Our security and compliance teams follow enterprise security standards by regularly running third-party penetration testing for known vulnerabilities.

Scalable

IT teams can deploy and manage thousands of devices from a single location.

Seamless

With our joint solution, it's all about convenience. Users can find and book available rooms instantly on their phone, browser, or Humly Room Display.
